Univariety - Alumni Guidance Program

At **South City International School**, we recognize that very soon, students will start to evaluate options for higher studies. This can be a very confusing and anxious period for many parents and students. Many of our students and parents have shared their confusion and anxiety around the best options for their children after school. As a part of our tradition of putting the student's interest first, the school has partnered with "**Univariety**", India's largest Alumni Guidance Platform.

How does it help Students?

Univariety has a unique **pillar based approach** to guidance

- **Alumni Guidance** through Alumni In-depth College Journeys, Guidance Videos and an provision for 1-to-1 interactions between alumni and students
- **Research tools** for in-depth information on careers and colleges and some specific tools that facilitate quick decision making
- **On-demand Counseling** by expert counselors on Chat
- **University Interactions** that are *one-to-many* (Digital webinars by University Professors and Deans) and *one-to-one* (Personal Interactions between universities and students)

Apart from this the platform reminds students of important deadlines around college applications
